

Shevchenko Scientific Society of Canada

Scholarly Publications Support Program

The Shevchenko Scientific Society of Canada provides funding for the publication of scholarly works in Ukrainian studies up to a maximum of CAN \$5,000 or half the cost of publication, whichever is less. The funds are provided directly to the publisher.

Primary consideration will be given to works (monographs, collections of articles) of original scholarship in the field of Ukrainian studies.

Support for the publication of translations, new university-level textbooks, or reprints of works of exceptional scholarly value and need may be considered. Periodicals and belletristic works will not be considered.

To be eligible for consideration, a scholarly work must be

- written in English, Ukrainian, or French; and
- deal with the history, culture, society, or heritage of (1) Ukrainians in Canada, (2) Ukraine, or (3) the Ukrainian diaspora elsewhere, in that order.

Support will be given to a Canadian or other scholar whose work has been accepted for publication by a Canadian academic press. Members of the Shevchenko Scientific Society are encouraged to apply.

Applications will be accepted from an author after a publisher's commitment to publish the work in question and a commitment to cofund it have been secured. Applications for support after a publication has appeared in print will not be considered.

Applicants should submit a request pertaining to the NTSh Scholarly Publications Programme by **September 30**, together with the following documents:

- a letter from the publisher confirming that the manuscript has been refereed by academic experts and has been accepted for publication;
- copies of the referees' reviews;
- the publisher's estimate of the cost of publication;
- details regarding the publisher's financial contribution;
- letters from other funding agencies (if these are known to the publisher) stating their financial commitment to the project;
- specifications of the finished work—the approximate number of pages, press run, and projected date of publication; and
- a copy of the manuscript's preface, introduction, and table of contents.

A published work that receives financial support from the Shevchenko Scientific Society of Canada must indicate that fact (including the society's logo) on the verso side of the title page.

The publisher shall provide the society with five complimentary copies of the publication.

Decisions regarding all applications rest with the Board of Directors of the Shevchenko Scientific Society of Canada. The society reserves the right not to award any grant in a year where no submission meets the criteria or is deemed worthy of support by the review committee of the Scholarly Publications Support Program.

All applications and supporting materials should be emailed as attachments to the society's publications officer – Anna Sirka - a_sirka@yahoo.com with a copy to ntsh.ca@gmail.com .
